The Revolutionary Toilet that Saves More Water than any Other on the Market

## Stealth Toilet

### Quietest Flushing Toilet on the Market

- Powerful flush delivered with a patented Stealth flush chamber and air transfer system
- Uses just 0.8 gallons per flush (0.8 GPF)
- One flush thoroughly evacuates the bowl every time – no need for double flushing or dual-flush systems
- As the tank fills, air is transferred to the fully glazed trapway
- A large water surface is created as this air pressure causes the water to fill at a higher level
- Stealth™ delivers a cleaner and more reliable flush with more water in the bowl
- Bowl cleared every time due to smooth, low friction ceramic surface
- Stylish, inconspicuous and durable flush button
- Meets EPA WaterSense® criteria
- Meets ADA requirements for bowl height
- Fully glazed 2" trapway for enhanced flush performance
- Limited Lifetime Warranty\*
